## WORK EXPERIENCE

---

### Butler America

Senior PLA Engineer

June 2022 - Present

- Led a team of 5 analysts in designing and analyzing over 20 complex projects, ensuring seamless execution and timely delivery.
- Introduced new workflows that increased project efficiency by 20%, reducing delivery times and enhancing team coordination.
- Expertly utilized advanced tools such as ikeOffice Pro, Katapult, OCalc Pro, and GIS software to design and optimize over 3000 poles precisely and efficiently.

## EDUCATION

---

### Faculty of Computer Science and Engineering

Bachelor of Science in Information Science and Computer Engineering

September 2021 - June 2025

## PROJECT

---

### German-Macedonian Quiz Web Application [↗](#)

2025

- This web application was crafted to assist me and my fellow students in mastering new vocabulary from our German course. It provides an intuitive, user-friendly platform for effective language practice.
- **Tech Stack: Front-End:** HTML, CSS, Bootstrap, JS | **Back-End:** Spring Boot 3 | **Database:** PostgreSQL
- **Deployment: Front-End:** Github Pages | **Back-End:** Render | **Database:** Supabase

### Mahagoni E-commerce QA Project (Freelance Work) [↗](#)

2025

- Executed thorough QA testing across desktop, mobile, and tablet devices
- Identified and documented **51 bugs** affecting functionality and user experience
- Proposed **17 UX/UI** improvements to enhance user interaction and conversion potential
- Delivered detailed documentation for all findings with actionable solutions

### E-Shop Backend Project [↗](#)

2024

- Developed a robust back-end API for an e-commerce platform, enabling seamless product management, order processing, and secure user authentication. The implementation focused on delivering a scalable and efficient solution for an online store.
- **Tech Stack: Back-End:** Spring Boot 3 | **Database:** MySQL

## SKILLS

---

- **Front-End:** HTML, CSS, Bootstrap, JavaScript
- **Back-End:** Spring Boot, Java, Python
- **Databases:** PostgreSQL, MySQL
- **Tools:** Git, Postman, Microsoft Office
- **Other Skills:** Manual QA Testing, Computer Networks
- **Soft Skills:** Communication, Teamwork, Problem-Solving, Adaptability, Time Management and Leadership

## LANGUAGE

---

**Macedonian** Native Proficiency

**English** Full Professional Proficiency

**German** Basic Proficiency
